

Please join Congresswoman Slaughter at the
House STEM App Challenge Workshop
Saturday, March 29th at 11:00a.m.
at the RIT MAGIC Center

Congresswoman Slaughter is hosting the first annual House academic competition to promote innovation in the fields of STEM. The House STEM App Challenge calls on high school students within New York's 25th Congressional District to submit ideas for a software application, or 'app,' idea related to STEM fields.

Congresswoman Slaughter, the RIT MAGIC Center and the District Judges are hosting a workshop on Saturday, **March 29th at 11a.m. at the RIT MAGIC Center.** This will be an opportunity for students to engage with local STEM partners to assist with their app idea development and to learn about STEM careers and educational opportunities.

The workshop will feature resources and commentary from the
STEM App Challenge District Judges:

Congresswoman Slaughter
Andy Phelps – Challenge Advisor & RIT MAGIC Center, Director
Jennifer Hinton - RIT MAGIC Center
Colin Doody – President, Darkwind Media
Jason Arena – CEO & Founder, Workinman Interactive and RIT College of Imaging Arts & Sciences
Victoria VanVoorhis – CEO, Second Avenue Learning
Jon-Paul Dyson - International Center for the History of Electronic Games® (ICHEG), The Strong
Dr. Jake Noel-Storr - RIT Center for Imaging Sciences, Insight Lab
Calvin Uzelmeier, Ph.D. - Rochester Museum & Science Center
Steve Fentress - Strasenburgh Planetarium
George Ferguson - University of Rochester's Ronald Rettner Hall for Media Arts and Innovation

****Immediately after this workshop, Colin Doody, President of Darkwind Media, invites students to visit their game development studio not far from RIT at 125 Tech Park Drive, Suite 2160****

RSVP for the Workshop and trip to Dark Wind Media:
